### **Money Talk\$ Week 2: Where Is Your Treasure? By Paul Webster**

**Where you spend (your time, talent & treasure) is where your desires and your heart will be.**

**Money and possessions make terrible masters.**

**Worry won't add to our money or our lives, but trusting God sets us free from worry.**

**Bottom Line: Living with margin sets you free to live on mission.**

### **Family Discussion Questions:**

1. What does the phrase “Where your treasure is, there your heart will be also” mean to you personally?
2. How can we apply the idea of living with margin in our family’s financial decisions?
3. In what areas do you feel challenged to trust God more with our finances?
4. What action step from the sermon do you feel most compelled to take as a family?
