Money Talk\$ Week 4: Sacrificial Generosity By Paul Webster

God's wisdom on giving has always been based in love for God and for our neighbors.

Sacrificial generosity reflects the heart of Jesus and honors the price He paid on the cross.

A self-centered heart dishonors God and only fools its owner.

Bottom Line: Sacrificial generosity in Christ-centered community is what the world needs right now.

Family Discussion Questions:

1. What does it mean to have a heart of generosity? How can we cultivate this as a family?
2. In what ways can we support our church and community through sacrificial generosity?
3. How do we ensure that our giving is motivated by love and not by seeking recognition?
4. What are some concrete steps we can take this week to practice generosity together?
